6A-5.065 The Florida Educator Accomplished Practices.

(1) Purpose and Foundational Principles.

(a) Purpose. The Florida Educator Accomplished Practices are set forth in rule as Florida's core standards for effective educators. The Accomplished Practices form the foundation for the state's teacher preparation programs, educator certification requirements and school district instructional personnel appraisal systems.

(b) Foundational Principles. The Accomplished Practices are based upon and further describe four (4) essential principles:

1. The effective educator creates a culture of high expectations for all students by promoting the importance of education and each student's capacity for academic achievement.
2. The effective educator demonstrates deep and comprehensive knowledge of the subject taught.
3. The effective educator exemplifies the standards of the profession.
4. The effective educator acknowledges that all persons are equal before the law and have inalienable rights, and provides instruction that is consistent with the principles of individual freedom as outlined in Section 1003.42(3), F.S.

(2) The Florida Educator Accomplished Practices. Each effective educator applies the foundational principles through six (6) Florida Educator Accomplished Practices. Each of the practices is clearly defined to promote a common language and statewide understanding of the expectations for the quality of instruction and professional responsibility.

(a) Quality of Instruction.

1. Instructional Design and Lesson Planning. Applying concepts from human development and learning theories, the effective educator consistently:
 - a. Aligns instruction with state-adopted standards taking into consideration varying aspects of rigor and complexity;
 - b. Sequences lessons and concepts to ensure coherence and required prior knowledge;
 - c. Designs instruction for students to achieve mastery;
 - d. Selects appropriate formative assessments to monitor learning;
 - e. Uses diagnostic student data to plan lessons;
 - f. Develops learning experiences that require students to demonstrate a variety of applicable skills and competencies; and
 - g. Provides classroom instruction to students in prekindergarten through grade 12 that is age and developmentally appropriate and aligned to the state academic standards as outlined in Rule 6A-1.09401, F.A.C., and is consistent with s. 1001.42(8)(c)3., F.S.

STANDARDS-BASED INSTRUCTION	FL FTEM Element and Focus Statement	FEAPS 2023 Indicator
	Identifying Critical Content from the Standards: Teacher uses the progression of standards-based learning targets (embedded within a performance scale) to identify accurate critical content during a lesson or part of a lesson.	A2e. Models clear, acceptable oral and written communication skills
		A3a. Delivers engaging and challenging lessons
	Previewing New Content: Teacher engages students in previewing activities that require students to access prior knowledge as it relates to the new content.	A3a. Delivers engaging and challenging lessons
	Helping Students Process New Content: Teacher systematically engages student groups in processing and generating conclusions about new content.	A3a. Delivers engaging and challenging lessons
	Using Questions to Help Students Elaborate on Content: Teacher uses a sequence of increasingly complex questions that require students to critically think about the content.	A3f. Employs questioning that promotes critical thinking
	Reviewing Content: Teacher engages students in brief review of content that highlights the cumulative nature of the content.	A3a. Delivers engaging and challenging lessons
	Helping Students Practice Skills, Strategies, and Processes: When the content involves a skill, strategy, or process, the teacher engages students in practice activities that help them develop fluency and alternative ways of executing procedures.	A3a. Delivers engaging and challenging lessons
	Helping Students Examine Similarities and Differences: When presenting content, the teacher helps students deepen their knowledge of the critical content by examining similarities and differences.	A3a. Delivers engaging and challenging lessons
		A3b. Deepens and enriches students' understanding through content area literacy strategies, verbalization of thought, and application of the subject matter
		A3e. Relates and integrates the subject matter with other disciplines and life experiences
	Helping Students Examine Their Reasoning: Teacher helps students produce and defend a claim (assertion of truth or factual statement) by examining their own reasoning or the logic of presented information, processes, and procedures.	A3a. Delivers engaging and challenging lessons
		A3b. Deepens and enriches students' understanding through content area literacy strategies, verbalization of thought, and application of the subject matter
		A3e. Relates and integrates the subject matter with other disciplines and life experiences
	Helping Students Revise Knowledge: Teacher helps students revise previous knowledge by correcting errors and misconceptions as well as adding new information.	A3a. Delivers engaging and challenging lessons
Helping Students Engage in Cognitively Complex Tasks: Teacher coaches and supports students in complex tasks that require experimenting with the use of their knowledge by generating and testing a proposition, a theory, and/or a hypothesis.	A3a. Delivers engaging and challenging lessons	
	A3b. Deepens and enriches students' understanding through content area literacy strategies, verbalization of thought, and application of the subject matter	
	A3e. Relates and integrates the subject matter with other disciplines and life experiences

FL FTEM Element and Focus Statement	FEAPs 2023 Indicator
Using Formative Assessment to Track Student Progress: Teacher uses formative assessment to facilitate tracking of student progress on one or more learning targets.	A3c. Identifies gaps in students' subject matter knowledge
	A3j. Utilizes student feedback to monitor instructional needs and to adjust instruction
	A4b. Designs and aligns formative and summative assessments that match learning objectives and lead to mastery
	A4c. Uses a variety of assessment tools to monitor student progress, achievement and learning gains
	A4f. Applies technology to organize and integrate assessment information
Providing Feedback and Celebrating Progress: Teacher provides feedback to students regarding their formative and summative progress as it relates to learning targets and/or unit goals.	A3i. Supports, encourages, and provides immediate and specific feedback to students to promote student achievement
	A4e. Shares the importance and outcomes of student assessment data with the student and the student's parent/caregiver(s)
Organizing Students to Interact with Content: Teacher organizes students into appropriate groups to facilitate the learning of content.	A1f. Develops learning experiences that require students to demonstrate a variety of applicable skills and competencies
Establishing and Acknowledging Adherence to Rules and Procedures: Teacher establishes classroom rules and procedures that facilitate students working cooperatively and acknowledge students who adhere to rules and procedures.	A2b. Manages individual and class behaviors through a well-planned management system
Using Engagement Strategies: Teacher uses engagement strategies to engage or re-engage students with the content.	A2a. Organizes, allocates, and manages the resources of time, space, and attention
	A2g. Integrates current information and communication technologies
Establishing and Maintaining Effective Relationships in a Student-Centered Classroom: Teacher behaviors foster a sense of classroom community by acknowledging and respecting each student.	A2d. Respects students' cultural linguistic and family background
	A2f. Maintains a climate of openness, inquiry, fairness and support
	A2j. Creates a classroom environment where students are able to demonstrate resiliency as outlined in Rule 6A-1.094124, F.A.C.
Communicating High Expectations for Each Student to Close the Achievement Gap: Teacher exhibits behaviors that demonstrate high expectations for each student to achieve academic success.	A2c. Conveys high expectations to all students

CONDITIONS FOR LEARNING

FEAPS Embedded in PAGES

PROFESSIONAL RESPONSIBILITIES	FL FTEM Element and Focus Statement	FEAPs 2023 Indicator
	<p>Adhering to School and District Policies and Procedures: Teacher adheres to school and district policies and procedures.</p>	<p>B2a. Guidelines for student welfare adopted pursuant to Section 1001.42(8), F.S., including the requirement to refrain from discouraging or prohibiting parental notification of and involvement in critical decisions affecting a student’s mental, emotional, or physical health or well-being, unless a reasonably prudent person would believe that disclosure would result in abuse, abandonment, or neglect as defined in Section 39.01, F.S.</p>
		<p>B2b. The rights of students and parents enumerated in Sections 1002.20 and 1014.04, F.S.</p>
		<p>B2c. The Principles of Professional Conduct of the Education Profession of Florida, pursuant to Rule 6A-10.081, F.A.C.</p>
	<p>Maintaining Expertise in Content and Pedagogy: Teacher continually deepens knowledge in content (subject area) and classroom instructional strategies (pedagogy).</p>	<p>B1a. Designs purposeful professional goals to strengthen the effectiveness of instruction based on students’ needs</p>
		<p>B1b. Examines and uses data-informed research to improve instruction and student achievement</p>
		<p>B1e. Engages in targeted professional growth opportunities and reflective practices</p>
		<p>B1f. Implements knowledge and skills learned in professional development in the teaching and learning process</p>
	<p>Promoting Teacher Leadership and Collaboration: Teacher promotes teacher leadership and a culture of collaboration.</p>	<p>A4e. Shares the importance and outcomes of student assessment data with the student and the student’s parent/caregiver(s)</p>
		<p>B1c. Uses a variety of data, independently, and in collaboration with colleagues, to evaluate learning outcomes, adjust planning and continuously improve the effectiveness of the lessons</p>
		<p>B1d. Collaborates with the home, school and larger communities to foster communication and to support student learning and continuous improvement</p>

FEAPS Embedded in PAGES

Within iObservation, teachers will have access to a “24th Element” within iObservation:

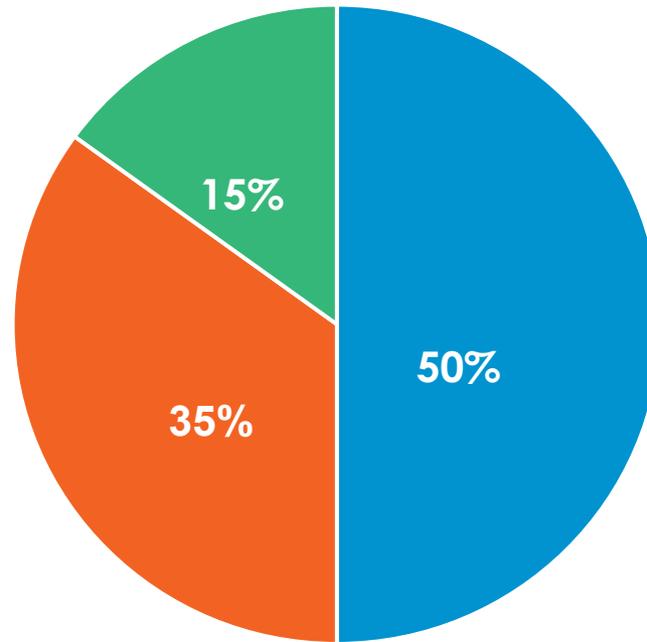

The screenshot shows two side-by-side panels. The left panel is titled "Professional Responsibilities" and contains three items: 21. Adhering to School/District Policies and Procedures, 22. Maintaining Expertise in Content and Pedagogy, and 23. Promoting Teacher Leadership and Collaboration. The right panel is titled "FEAPS Indicators" and contains one item: 24. FEAPS Indicators. A red arrow points from the text above to the "FEAPS Indicators" panel.

This screenshot shows the "Standards-Based Instruction" section in the PAGES interface. It includes a header "Standards-Based Instruction:" and a note: "The number of FEAPs checked does not correlate to the rating given for that element." Below this are five checkboxes with labels: "Models clear, acceptable oral and written communication skills (A2e)", "Employs questioning that promotes critical thinking (A3f)", "Relates and integrates the subject matter with other disciplines and life experiences (A3e)", "Use of this element contributes to delivering engaging and challenging lessons (A3a)", and "Deepens and enriches students' understanding through content area literacy strategies, verbalization of thought, and application of the subject matter (A3b)". The word "Universal" is visible in the top right corner.

This screenshot shows the "FEAPS Indicators" section in the PAGES interface. It includes a header "FEAPS Indicators" and a note: "The number of FEAPs checked does not correlate to the rating given for that element." Below this are two sections: "Standards-Based Planning:" and "Standards-Based Instruction:". Each section has a note: "The number of FEAPs checked does not correlate to the rating given for that element." The "Standards-Based Planning:" section contains 10 checkboxes with labels: "Aligns instruction with state-adopted standards taking into consideration varying aspects of rigor and complexity (A1a)", "Designs instruction for students to achieve mastery (A1c)", "Provides classroom instruction to students in prekindergarten through grade 12 that is age and developmentally appropriate and aligned to the state academic standards as outlined in Rule 6A-1.09401, F.A.C., and is consistent with s. 1001.42(8)(c)3., F.S. (A1g)", "Designs and aligns formative and summative assessments that match learning objectives and lead to mastery (A4b)", "Applies varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding (A3g)", "Adapts the learning environment to accommodate the differing needs and diversity of students while ensuring that the learning environment is consistent with s. 1000.071, F.S. (A2b)", "Modifies instruction to respond to preconceptions or misconceptions (A3d)", and "Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those needs, and drives the learning process (A4a)". The "Standards-Based Instruction:" section contains 4 checkboxes with labels: "Sequences lessons and concepts to ensure coherence and required prior knowledge (A1b)", "Selects appropriate formative assessments to monitor learning (A1d)", "Relates and integrates the subject matter with other disciplines and life experiences (A3e)", and "Utilizes current and emerging/innovative technologies that enable students to participate in high-quality communication interactions and achieve their educational goals (A2i)". The word "Universal" is visible in the top right corner.

Planning to Close the Achievement Gap Using Data (Data obtained through student monitoring.)

Focus Statement: Teacher uses data to identify and plan to meet the needs of each student in order to close the achievement gap.

Desired Effect: Teacher provides data showing that each student (including English learners [ELL], exceptional education students, gifted and talented, socio-economic status, ethnicity) makes progress towards closing the achievement gap.

Planning Evidence

- Plans include a process for helping students track their individual progress on learning targets
- Plans specify accommodations and/or adaptations for individual ELL or groups of students
- Plans specify accommodations and/or adaptations for individual or groups of students receiving special education according to the Individualized Education Plan (IEP)
- Plans specify accommodations and/or adaptations for students who appear to have little support for schooling
- Plans cite the data and rationale used to identify and incorporate accommodations
- Plans include potential instructional adjustments that could be made based on student evidence/data
- Plans take into consideration equity issues (i.e. family resources for assisting with homework and/or providing other resources required for class)
- Plans take into consideration how to communicate with families with diverse needs (i.e. English is a second language, cultural considerations, deaf and hearing impaired, visually impaired, etc.)
- Productive changes are made to lesson plans in response to formative assessment (monitoring)
- A coherent record-keeping system is developed and maintained on student learning

Example Implementation Evidence

- Planned student assignments/work reflect accommodations and/or adaptations used for individual students or sub-groups (e.g. ELL, gifted, etc.) at the appropriate grade level targets
- Planned student assignments/work reflect accommodations and/or adaptations for individual or groups of students receiving special education according to the Individualized Education Plan (IEP) at the appropriate grade level targets
- Planned student assignments/work reflect accommodations and/or adaptations for students who appear to have little support for schooling
- Planned student assignments/work show students track their individual progress on learning targets
- Formative and summative measures indicate individual and class progress towards learning targets and modifications made as needed
- Information about student progress is regularly sent home
- Artifacts demonstrate the teacher helps others by sharing evidence of how to use data to plan and implement lessons/units that result in closing the achievement gap (e.g. PLC notes, emails, blogs, sample units, discussion group)

Needed	Emergent	Proficient	Accomplished	Exemplary
Makes no attempt to use data to identify and plan to meet the needs of each student in order to close the achievement gap.	Attempts to use data to identify and plan to meet the needs of each student in order to close the achievement gap.	Uses data to identify and plan to meet the needs of each student in order to close the achievement gap.	Uses data to identify and plan to meet the needs of each student in order to close the achievement gap and provides evidence of data showing that each student (including English learners [ELL], exceptional education students, gifted and talented, socio-economic status, ethnicity) makes progress towards closing the achievement gap.	Helps others by sharing evidence of using data showing that each student (including English learners [ELL], exceptional education students, gifted and talented, socio-economic status, ethnicity) makes progress towards closing the achievement gap.

Establishing and Communicating Clear Goals for Supporting Services

Focus Statement: Instructional support member establishes and communicates clearly stated goals, based on area of professional responsibility, to indicate the support and services provided to the school/district.

Desired Effect: School/district knows the supporting services provided by the instructional support member.

Example Instructional Support Member Evidence (Check any evidences demonstrated)

- Establishes a set of written goals or a defined work plan indicating the scope of services provided to the school
- Establishes a set of written goals or a defined work plan with timelines aligned with school and district goals
- Communicates goals to appropriate school or district personnel
- References and updates goals and plan for support throughout the year
- Goals confirm knowledge consistent with professional area of responsibility
- Supporting services demonstrate knowledge of human growth and development
- Data are used in the planning and goal setting process
- Elicits input from school regarding needed services and support
- Updates records (e.g. data bases, data notebook, etc.) to track progress towards implementation of goals and services

Example Implementation Evidence

- Students, colleagues, and/or administrators can explain how the instructional support member goals support the school or district
- Explains how goals support and align with school and/or district goals.
- Explains how data were used to establish goals
- Explains how their actions and/or activities relate to the goals
- Artifacts support clear communication of goals

Student is generically used to represent anyone the Instructional Support Member is supporting, including: PreK-12 students, adult students, faculty, staff, colleagues, parents, or community members.

School/District is generically used to represent students, teachers, staff, district personnel, or other colleagues in the instructional support member's area of responsibility.

Needed	Emergent	Proficient	Accomplished	Exemplary
Strategy was called for but not exhibited.	Uses strategy incorrectly or with parts missing.	Establishes and communicates clearly stated goals, based on area of professional responsibility, to indicate the support and services provided to the school/district.	Establishes and communicates clearly stated goals, based on area of professional responsibility, to indicate the support and services provided to the school/district and monitors if the school/district knows the supporting services provided.	Provides evidence of helping others by sharing how support goals were successfully established and communicated to the school/district.

How is what you learned today connected to your previous knowledge?

How will what you learned today help you in the future?

Standards-Based Planning Protocol – Planning to Closing the Achievement Gap Using Data

Planning to Close the Achievement Gap Using Data (Data obtained through student monitoring.)				
Focus Statement: Teacher uses data to identify and plan to meet the needs of each student in order to close the achievement gap.				
Desired Effect: Teacher provides data showing that each student (including English learners [ELL], exceptional education students, gifted and talented, socio-economic status, ethnicity) makes progress towards closing the achievement gap.				
Planning Evidence				
<input type="checkbox"/> Plans include a process for helping students track their individual progress on learning targets <input type="checkbox"/> Plans specify accommodations and/or adaptations for individual ELL or groups of students <input type="checkbox"/> Plans specify accommodations and/or adaptations for individual or groups of students receiving special education according to the Individualized Education Plan (IEP) <input type="checkbox"/> Plans specify accommodations and/or adaptations for students who appear to have little support for schooling <input type="checkbox"/> Plans cite the data and rationale used to identify and incorporate accommodations <input type="checkbox"/> Plans include potential instructional adjustments that could be made based on student evidence/data <input type="checkbox"/> Plans take into consideration equity issues (i.e. family resources for assisting with homework and/or providing other resources required for class) <input type="checkbox"/> Plans take into consideration how to communicate with families with diverse needs (i.e. English is a second language, cultural considerations, deaf and hearing impaired, visually impaired, etc.) <input type="checkbox"/> Productive changes are made to lesson plans in response to formative assessment (monitoring) <input type="checkbox"/> A coherent record-keeping system is developed and maintained on student learning				
Example Implementation Evidence				
<input type="checkbox"/> Planned student assignments/work reflect accommodations and/or adaptations used for individual students or sub-groups (e.g. ELL, gifted, etc.) at the appropriate grade level targets <input type="checkbox"/> Planned student assignments/work reflect accommodations and/or adaptations for individual or groups of students receiving special education according to the Individualized Education Plan (IEP) at the appropriate grade level targets <input type="checkbox"/> Planned student assignments/work reflect accommodations and/or adaptations for students who appear to have little support for schooling <input type="checkbox"/> Planned student assignments/work show students track their individual progress on learning targets <input type="checkbox"/> Formative and summative measures indicate individual and class progress towards learning targets and modifications made as needed <input type="checkbox"/> Information about student progress is regularly sent home <input type="checkbox"/> Artifacts demonstrate the teacher helps others by sharing evidence of how to use data to plan and implement lessons/units that result in closing the achievement gap (e.g. PLC notes, emails, blogs, sample units, discussion group)				
Needed	Emergent	Proficient	Accomplished	Exemplary
Makes no attempt to use data to identify and plan to meet the needs of each student in order to close the achievement gap.	Attempts to use data to identify and plan to meet the needs of each student in order to close the achievement gap.	Uses data to identify and plan to meet the needs of each student in order to close the achievement gap.	Uses data to identify and plan to meet the needs of each student in order to close the achievement gap and provides evidence of data showing that each student (including English learners [ELL], exceptional education students, gifted and talented, socio-economic status, ethnicity) makes progress towards closing the achievement gap.	Helps others by sharing evidence of using data showing that each student (including English learners [ELL], exceptional education students, gifted and talented, socio-economic status, ethnicity) makes progress towards closing the achievement gap.

PAGES Protocols with FEAPs

Element: Planning Standards-Based Lessons/Units

Focus Statement: Using established content standards, the teacher plans rigorous units with learning targets that demonstrates a progression of learning.

Desired Effect: Teacher provides evidence of implementing lesson/unit plans aligned to grade level standard(s) using learning targets that may be embedded in a performance scale.

Example Planning Evidence

- Plans exhibit a focus on the essential standards required at the appropriate age or grade level
- Plans include a scale or learning progression that builds a progression of knowledge from simple to complex
- Plans identify
- Plans identify
- Planned instruction
- Lessons are planned
- When appropriate
- Plans illustrate
- When appropriate
- EL strategies

Example Implementation

- Completed standards/ta
- Completed st
- Completed st
- Completed st
- the lesson/un
- Completed st
- learning plan
- Artifacts dem
- lesson/unit p
- group)

Evidenced	FEAP Indicator(s)
	Aligns instruction with state-adopted standards taking into consideration varying aspects of rigor and complexity (A1a)
	Sequences lessons and concepts to ensure coherence and required prior knowledge (A1b)
	Designs instruction for students to achieve mastery (A1c)
	Selects appropriate formative assessments to monitor learning (A1d)
	Provides classroom instruction to students in prekindergarten through grade 12 that is age and developmentally appropriate and aligned to the state academic standards as outlined in Rule 6A-1.09401, F.A.C., and is consistent with s. 1001.42(8)(c)3., F.S. (A1g)
	Relates and integrates the subject matter with other disciplines and life experiences (A3e)
	Designs and aligns formative and summative assessments that match learning objectives and lead to mastery (A4b)

Needed	Emergent	Proficient	Accomplished	Exemplary
Makes no attempt to use established content standards to plan rigorous units with learning targets that demonstrates a progression of learning.	Attempts to use established content standards to plan rigorous units with learning that demonstrates a progression of learning.	Using established content standards, plans rigorous units with learning targets that demonstrates a progression of learning.	Using established content standards, plans rigorous units with learning targets that demonstrates a progression of learning <i>and provides evidence of implementing lesson/unit plans aligned to grade level standard(s) using learning targets.</i>	Helps others by sharing evidence of implementing lesson/unit plans aligned to grade level standard(s) using learning <i>and</i> the impacts on student learning.

FEAPs aligned to each Element are now listed within each Protocol and may be “checked” by the administrator when demonstrated by the teacher.

Just like “Example Evidence” is “checked” if observed and does not count toward the Element rating, FEAPs will be “checked” by administrators when demonstrated and will not count towards the Element rating.

Standards-Based Planning Protocol – Planning to Closing the Achievement Gap Using Data

Needed	Emergent	Proficient	Accomplished	Exemplary
Makes no attempt to use data to identify and plan to meet the needs of each student in order to close the achievement gap.	Attempts to use data to identify and plan to meet the needs of each student in order to close the achievement gap.	Uses data to identify and plan to meet the needs of each student in order to close the achievement gap.	Uses data to identify and plan to meet the needs of each student in order to close the achievement gap <i>and</i> provides evidence of data showing that each student (including English learners [ELL], exceptional education students, gifted and talented, socio-economic status, ethnicity) makes progress towards closing the achievement gap.	Helps others by sharing evidence of using data showing that each student (including English learners [ELL], exceptional education students, gifted and talented, socio-economic status, ethnicity) makes progress towards closing the achievement gap.

Analysis demonstrates the teacher helps others by sharing evidence of how to use data to plan and implement lessons/units that result in closing the achievement gap (e.g. PLC notes, emails, blogs, sample units, discussion group)

Needed	Emergent	Proficient	Accomplished	Exemplary

Marzano Focused Teacher Evaluation Model (FTEM)
Planning Conference Questions
Planning conference questions assist observers to assign more accurate Standards-Based Planning, as they gather additional information about planning process.

Planning Standards-Based Lessons/Units
1. What is the standard(s) you are working toward in this lesson? What is the target(s) and taxonomy level(s) of the target(s)?

2. Which instructional strategies will you use to help students reach the learning are these strategies aligned to the cognitive level(s) of the target(s)?

3. What activity will you use to...

4. How will you meet the needs for accommodations or modifications?

Aligning Resources to Standard(s)
5. What traditional and/or digital resources aligned to grade level/content stand using in this lesson?

6. What human resources will be implemented to support learning in this lesson?

Planning to Close the Achievement Gap Using Data
7. What data have you used to identify and plan to meet the needs of each student close the achievement gap?

8. How do you and your students track their progress towards the standard(s)?

LCI LEARNING SCIENCES

Marzano Focused Teacher Evaluation Model
Reflection Conference Questions
Reflection conference questions assist observers to accurately score elements from Standards-Based Planning as well as elements from the other domains.

Standards-Based Planning
1. Explain how the learning targets were implemented within the lesson. (How was the critical content implemented in this lesson?) How will you share with others how your use of a strong... the learning target(s)?

2. How do you know that your use of digital, and/or human resources support the critical digital, and/or human resources... and modifications have resulted in each student, including specific strategies, making progress towards closing the achievement gap? In what ways have you helped others in using the type of data?

3. What method do you use to track student progress and communicate to parents?

Standards-Based Instruction
4. How many students could identify what content was critical in this lesson? How do you know?

5. For the elements you implemented in this lesson, what percent of students demonstrated the desired effect? How do you know? What, if any, adaptations did you make to achieve these results? (Classroom and teacher examine student evidence)

Conditions for Learning
6. In what ways did students use formative assessment data to track their progress? How did students demonstrate sustained motivation for learning based on your feedback?

7. Describe how students were organized into groups to interact with content. What evidence documents percent of students able to process content as a result of working in groups?

Classroom FTEM

Marzano Focused Non-Classroom Instructional Support Personnel Evaluation Model
Planning Conference Questions

Planning and Preparing to Provide Support
1. What information and data assisted you to determine appropriate goals for your year? To whom have you communicated your goals and how?

2. Specifically, how do your goals and action plans support building and sustaining your goals?

3. How will you measure whether your goals and actions helped the building to grow?

4. What traditional and/or digital resources, human and/or community resources have you used to accomplish your goals?

Supporting Student Achievement
5. Describe the ways you assisted them (and... support services were provided? List of barriers assisted students

6. How have you communicated with families to help restore these barriers?

7. What are some of the barriers that impede achievement for students in your school? In what ways have you helped to remove these barriers?

8. How have you communicated with families to help restore these barriers?

Continuous Improvement of Professional Practice
9. Describe how you have identified specific areas for professional growth?

10. What actions have you completed related to your professional growth goals? How have these actions impacted your effectiveness in your role?

Professional Responsibilities
11. Describe how you have mentored instructional support personnel and/or other colleagues.

12. How have you led or helped to facilitate professional development activities? How, how and when?

13. In what ways have you promoted positive home-school relationships that support learning? What have been the results of these efforts?

14. What actions have you taken to participate in and support school and district initiatives (i.e. professional development opportunities, school activities and events, school or district committees, etc.)?

Non-Classroom

PROFESSIONAL RESPONSIBILITIES

- Adhering to School and District Policies and Procedures
- Maintaining Expertise in Content and Pedagogy
- Promoting Teacher Leadership and Collaboration

Evaluations

The FLDOE requires that all teachers receive an evaluation to include late hires and/or teachers that go on leave and/or retire/resign.

Based on Florida State Statute (1012.335), probationary teachers will receive two evaluations within their first year of teaching.

- *If hired after November 15, 2024, the teacher will receive the 2nd evaluation at the end of the first semester.*
- *If hired on/before November 15, 2025, the teacher will receive the 1st evaluation at the end of the first semester.*

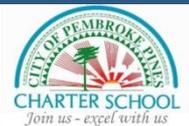

Requirements for Classroom and Probationary Teachers

	Formal (at least 30 minutes)/ Informal (11-29 minutes)	Total Datamarks
Experienced Teachers	1	At least 15
Probationary Teachers	2	

- All teachers will earn datamarks during a Formal and/or Informal Observation Cycle.
- At least 15 datamarks will be awarded during the 2025-2026 school year.

Please note that administrators may conduct additional observations.

Requirements for Non-Classroom and Probationary Teachers

Teacher Classification	Formal (at least 30 minutes) or Planned Meeting	Total Datamarks
Experienced Teachers	1	At least 15
Probationary Teachers	2	

- All non-classroom teachers will earn datamarks during a required Planned Meeting and/or Formal Observation Cycle.
- If observed, the observation must be a Formal observation (at least 30 minutes), which includes a Planning Conference and a Reflection Conference.
- At least 15 datamarks will be awarded during the 2025-2026 school year.

Please note that administrators may conduct additional observations /meetings.

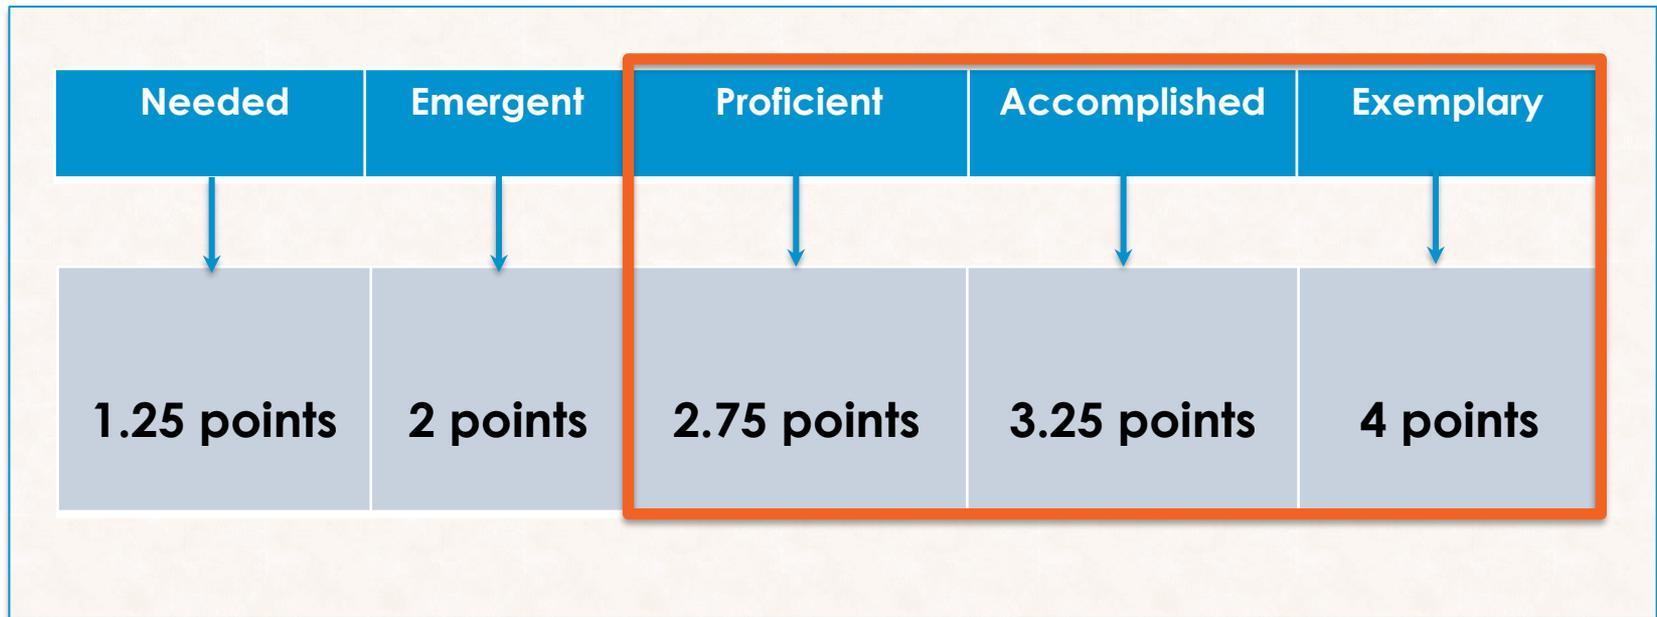

Observation Acknowledgement

- Acknowledgement does not indicate agreement with the observation nor prevent the observation from counting towards the evaluation.
- Acknowledgement is necessary to leave a comment.
- Make requests for a conference with administration within 10 days of the submitted datamarks.

Datamark Ratings 2025-2026

Instructional Practice Scale

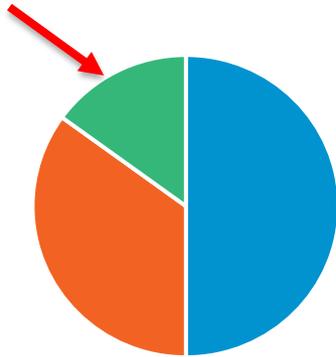

- The Instructional Practice score is based on datamarks received within the PAGES Classroom FTEM.
- Once a score is calculated, a scale is applied and the Instructional Practice score is determined.

	2024-2025
Highly Effective	3.450-4.000
Effective	2.500-3.449
Needs Improvement	2.000-2.499
Unsatisfactory	1.000-1.999

Deliberate Practice

- Instructional Practice
- Student Performance
- Deliberate Practice

Deliberate Practice/Growth Plan

ACTION	DATES
Deliberate Practice details will be shared with teachers:	Week of October 7, 2024
Teachers complete their Self-Assessment within iObservation:	October 6, 2025 – November 14, 2025 @ 11:59pm 
Teachers complete their growth plan:	November 17, 2025 – December 18, 2025
Administrators approve growth plans:	January 5, 2026 – January 30, 2026

Self-Assessment

Ratings Based on Meeting Deadline Date

**Highly Effective
(4.0)**

The educator completed and finished the Self-Assessment by November 14, 2025, at 11:59 pm.

**Effective
(3.0)**

The educator started the Self-Assessment on time and finished after November 14, 2025.

**Needs Improvement
(2.0)**

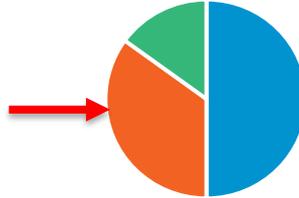

The educator started the Self-Assessment after the due date and finished it by April 17, 2026.

**Unsatisfactory
(1.0)**

The educator does not start or finish the Self-Assessment by April 17, 2026.

Student Performance

- Instructional Practice
- Student Performance
- Deliberate Practice

Student Performance

- Per Florida Statute 1012.34, Student Performance “must include growth or achievement data of the teacher's students.”
- Student Performance shall include growth or achievement data of the teacher’s students over the course of at least 3 years. If less than 3 years of data are available, the years for which data are available must be used.
- Be on the lookout for an email alert regarding Roster Verification, where you can review your roster for accuracy. Roster Verification occurs twice a year (December and April) and is optional.
- Additional information on Student Performance for the 2024-2025 school year will be forthcoming.
